Wall and Accent Paint Palettes and  
Matching Wall Art Prints by Don Berg

## Your Palettes

Print any and all of the images below on standard size 8 1/2 inch by 11 inch paper with your home or office computer's printer. Print on matte photo paper from your local office supply or art shop for the best color rendition. Choose your favorites and mix and match them to help decorate your kitchen.

The paint colors shown below are custom Sherwin Williams' mixes. They can be matched in other brands of paints at most paint shops and home centers. Don't depend on the colors shown here. Different printers, papers and computer monitors will show variations of the colors. Get manufacturers' paint chips or small samples of paint to view in your room before starting a painting project.
